### **FINAL ACTION**

Applicant's amendment of 5-5-03 has been fully considered. Although the amended claims and specification have overcome the previous objection, and rejections of 112/2<sup>nd</sup> and 102, they raise new ground of rejection. Thus, the previous rejections are withdrawn herein while new rejections are presented.

Claims 1-4, 21 and 22 are cancelled; leaving claims 5-20 remained for consideration.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The dependency of claim 12 is unclear. While it appears as an independent claim, it refers to claim 5 for the definition of R<sub>6</sub>.

#### ***Claim Objections***

2. Claims 13-15 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to preceding claims in the alternative language. In the instant case, said claims refer to both claims 5 and 12. See MPEP § 608.01(n). Accordingly, the claims 13-15 have not been further treated on the merits.

3. Claims 16-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Allowable Subject Matter*

4. Claims 5-11 are allowed. The limitation of E in said claims are not taught in the references of record.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
